If most of your checks are on the left side, you're an inventor, creator, and leader. If you mostly have checks on the right side, you're a great helper, improve situations, and are a behind-the-scenes leader who can make a great difference in people's lives for the Lord. God can use your unique personality and gifts to love Him and others.

CREATIVE CORNER

Since God told Habakkuk to write down his dreams, let's do the same! Create a plan to make your dream happen. List action steps.

DEVOTION DIVE

Have you ever had an idea come to mind, but later when you try to remember it, you can't? That has happened to me before, so now I try to write it down before I forget it.

God told Habakkuk, a prophet in the Old Testament, to write down the vision He gave him. The vision was about how justice will come, the proud will fall, and the righteous will live by faith. Justice feels like a big word, but it simply means treating people fairly and upholding what is right.

Habakkuk was frustrated with people not following the Lord and the injustices happening. The name Habakkuk means "to wrestle" which makes sense since Habakkuk had to work through hard things and trust the Lord with everything. Have you ever had to do that?

When things didn't make sense, Habakkuk had to trust the Lord and live by faith.

God will help you do the same when you look to Him with your dreams!
